

Slippery Rock Campground Association

A member-owned campground since 1985

(724) 738-0402

NOTE FROM THE PRESIDENT

As we all begin a new year here at SRCA, I would like to welcome our new campers. Old and new are a very important part of this "community", and I will try my best to make it a safe and enjoyable year for all.

The Board of Directors were elected by you and I'm- sure they will keep all in mind when decisions are made for the interest of our campground. As we begin this new year, I would ask your patience and understanding.

There are many committees available in which you can make your suggestions heard and considered. Please sign your name on the sheet at the office.

VOLUNTEERS ARE NEEDED AND WELCOME! You will be notified of scheduled meetings either by email or telephone. There is also a bulletin board in the office where the date and time will be listed.

As you "close up" and get ready for your journey to wherever it may be, I pray that all goes well for you and your loved ones. As most of you know, Frank and I will be shoveling snow and saying to ourselves "Why didn't we go South".

Have a joyful Holiday Season — See all in the Spring!

Adele Van Atta — D112

MAINTENANCE REPORT

Hello all this summer started off wet with rain, rain, rain with flooding and ended up hot and dry. There were 27 resolutions that have been made this year. 24 have been completed. This is a list of the resolutions.

Pressure washer, leak detector, Equipment barn, replace sand filters at the water plant, Flow meter for the water plant, replace sand filters at the sewage plant, buy a security vehicle, replace office furnace that went bad, Replaced Maint. Bldg. roof (on Beaver Pass), Repairs to ditch witch, Sewer plant blower motor, Spare Submersible pump for B pump station, Blower motor and impeller at sewer plant, sewage blower unit, Chlorine meter for the sewer plant, B bathhouse floor repair and painted the walls, Repairs to sewer plant walkway, D Pump Station grinder, Water plant asphalt road replaced, French drains at storage area (one is done and one more to be installed later, New pool cleaner – manually operated, bought 30 hydrants, a newer chipper, two bath houses floors (A, C or D) to be redone over the winter, replace a transformer (including installation) one is running very hot and will be replaced soon, Flow meter for sewage plant needed for the sewage upgrade, sewage pipes and French drain pipes for the fall projects.

The maintenance employees completed about **550** Work orders that were written and the following work was completed *without* work orders.

The pool was cleaned and painted with volunteers and our maintenance people. Last fall started out with planning and doing the excavation for the A and C electric upgrade. Drained and cleaned the holding tanks at the water plant. Removed, cleaned, and painted the ceiling tiles at the rec. hall and installed the ceiling fans provided by Ways and Means Committee. Winterized and then got the comfort stations ready for the summer. They installed vinyl siding on the guard shack at the main gate. Cleaned and Power washed the mini golf course and the tennis courts. Prepared and power washed the pool for the summer season. They repaired sewage and storm water lines as necessary. The maintenance men replaced broken water lines as needed. Expanded storm drainage and French drains on Canyon etc. They replaced over 33 hydrants thru-out the campground.

They also Set-up and tear down at all events at the Rec. Hall such as bingo, church on Saturday and Sunday, dances Board meetings, etc.

Set-up and tear down all events at the ball field such as drive-in movies, vendor day, family fun day, drove the truck for the hay rides, help in case of an accident etc.

They cleaned all the chairs at the Rec. hall. Set forms and poured concrete slabs at the pool picnic area and at the D-pavilion.

They performed maintenance on all mowers and equipment. Cut all Association lots and member lots as needed. (cont.)

MAINTENANCE REPORT (cont.)

We had to replace the pool filter pump. Replaced instantaneous hot water tank at the Rec. Hall.

Got safety equipment for our employees, face shields and safety lock outs for electric disconnects.

Started bidding process for engineering studies for the upgrade of the sewage plant. This has to be a top priority.

Maintenance Winter Projects:

Redo two restroom floors, put new sewage lines on Honeycomb and put in a French drain behind honeycomb, French drain along Yogi B-section B-110 to B-117 to B-65, Tree cutting that our maintenance can do, Cement 1 or 2 stalls at the storage barn, install lights at the new SRA sign at the maintenance building, finish repairing the catwalk at the sewage plant,

Drain and clean the tanks at the water plant, install water filters at all the rest rooms to try and prolong the life of the instant hot water tanks.

Close restrooms and winterize, go over mowers and all machinery, stain the hay wagon, repair and or replace fence on golf cart hill, power wash mini golf course and tennis courts.

Put out letters for bids to Tar and chip some of the roads.

This is just a preliminary list and I'm sure it will get bigger, just like the honey do list at home.

Youth/Teens Happenings!

As most of you are getting ready to close for the season and head back towards warmer weather, the Youth/Teen Committee is preparing to work very hard all winter long, scheduling, shopping on a budget and preparing for next year! We had a great time with the youth this year and plan to do more next year! All events big or small take volunteers, so if you would like to volunteer for one event, one hour, etc...we would love to have you! There is a Youth/Teen Volunteer Sign-Up Sheet in the office. You will enjoy yourself working with the children, there is never a dull moment at our activities.

Here are some activities that we did this year, in case something sparks your interest and you would like to help:

Scavenger hunts, HORSE Tournaments, Spaghetti Dinner, West Park Alpaca Day, Chocolate Slip-N-Slide, Christmas Toy Bingo, Polar Bear Swim, Drive-In Movies, Pool Games, Mini Golf Tournaments, Soccer Clinic, Touch-A-Truck, themed crafts, youth and teen dances, trout fishing, hula hoop contest, kids bingo, magic show, etc.

Our final event of the 2015 camping season is the kids Halloween Spooktacular Party. Please see the attached flyer for all of the details. We also need members of the campground to help us with the last step of the party for the children. We are doing Cart-or-Treat which some of you may know as Trunk-or-Treat. We are asking that you bring your golf cart to the rec hall by 2:15pm on October 10 decorated for Halloween (if you don't want to decorate it that's ok too). Then what happens as the kids leave the rec hall they will line up in costume and come to each golf cart for their treat!

During the winter months you can stay connected with our planning progress via our Facebook page at: SRCA – Teen/Youth

Thank you all for the support, help and compliments during the 2015 season, we can truly say we enjoyed having fun and entertaining each and every one of your children!

No one can do everything, but everyone can do something,

Stacey Creese, Youth/Teens Co-Chairman

2016 Youth/Teens Chairwomen – Lori Gyer

2016 Youth/Teen Co-Chairs – Stacey & Jim Creese and Myrna Hall
